Marlene, the name she went by, was born in Oak Hill, Kansas in 1934. She was married to Jack Beck from June 1950 until his passing in March 2008. Jack began working for Boeing in 1954, his job took the family all over the United States together, but Kansas was always home until the final trip brought the family to Washington State in 1968. Marlene loved helping family and friends, she was a nurse's aide for many years. Later on she secured a job at Boeing and retired with Jack. Her son Jack took early retirement from Boeing and bought acreage in Ephrata, WA where he hoped to hunt, fish and pal around with his Dad but cancer took him. Marlene remained independent, living in her home on her son's property until a fall broke her pelvis, her

daughter moved in with her for a few years and when she needed to leave her son moved over from his home to care for her as her dementia was taking a toll on her body and he remained until her passing.

The care she gave to all of us is what will be remembered by her family, as we received many gifts and memories of her love. Rest precious Momma you have earned it.
