“ You were my first boyfriend, the first person I said I love you to. <3 I was so happy when you asked me out, I remember listening to your favorite song over abs over and always stealing your big baggy sweatshirt. You always teased me and did whatever you could to push my buttons just so that you could turn it around and see me smile. :) It's been too long since I've seen you and I wish I could of just like everyone else that's ever known you. It's hard to accept but God needed you more than we did. I love you meany face; I still do wish I had more time with you. Watch over everyone please can't wait to talk to you again someday <3

“ You were like a little brother to us! I remember being so happy for you that you had gotten away from all the bad influence in Soap Lake. You were such a smart kid with so much potential. I don't understand:( I know you are down looking at us and we all love you! I hope you understand why I can't be there for the service tomorrow. My mom ( aka your 2nd mom), Roseanna and I will have a gathering with all the pictures and memories of the good times where we are not surrounded by your " homies". Please Jesse send Joe a message to get out of this way of life:( My fear is he will be there with you next. I love you so much!
