“ *We loved you Kitti. Our thoughts are with your family*

"Grief, I've learned, is really just love. It's all the love you want to give but cannot. All of that unspent love gathers up in the corners of your eyes, the lump in your throat, and in that hollow part of your chest. Grief is just love with no place to go."

“ I will always remember Kitti for her fun and sassy ways. I always looked up to her growing up. Wish we all lived closer. She was a wonderful cousin and friend. The heavens are partying now, what a reunion there. Lucky to have another great angel looking out for us here on earth. Rest in peace Kitti. Love and hugs to the family friends coworkers and students. Cousin Sue and family in Connecticut.

“ Kitty was a great friend now and when I got into AA, her story and mine were almost the same and she understood what was happening with me. Never held back on what was on her mind straight to the point. And never forgot my AA Birthday as I did, it was also her brothers belly button birthday too. Kitty I will miss you but also happy you are where you are free and well and watching over not only me but lots of others. I know for sure one day a year I will be looking over to see you...
