“ I remember as a young child always packing up and driving to Kacheese lake for our family reunion. and every time we would always get lost and have to call Great Grandpa for help. One time when we went up there Great Grandma Louise made these amazing huge hamburgers for everyone but refused to tell everyone what they were made of. I remember watching her walk around smiling, she was so happy. Her and Grandpa have always been such a huge influence on my life. They had the strongest, most loving relationship. Grandma Louise is the strongest women i have ever met. She didn't allow people to tell her how to live her life. she did as she wished. I'm so thankful to be raised around such an amazing human being. I miss you everyday Grandma, but im glad to know your smiling over us. I love you Great Grandma.

“ Louise was and will always be my older sister. Louise loved birds and had a few through out her life. there was always a smile on her face when the bird would sing. When my son passed Louise way the first person to be there for me and stayed until I was OK. My first real job was working at the coffee shop where Louise worked. She got the job for me. when I was growing up Louise would come get me to go to the beach with her family. Louise did big sister things for us when ever she could and I thank her for all of them. Louise loved Rich very much and was very happy to be with Rich. Rich really made our sister very happy. Life was not always easy for Lousie. Love Judi
