“ *Marylin and James Berschauer family send our prayers at this time of Perry passing. Our relationship started as simply business transations in the early 70's. Marylin and I purchased Berschauer's Hardware in 1969. , so were all doing starting business about the same time. Perry became my truck problem solver, My dad was making many trip to seattle and back loaded heavy. Our engines were underpowered and truck to light duty. Perry was working with Cat engine in his trucks and they served him well. In the early 80's I purchased a heavy duty chev. truck with the 3208 Cat engine like Perry was using. This advise and sharing of business issue grow to a great relationship.. I enjoyed Perry and his wife Mary Ann, What a great work ethic they shared.. I enjoy working and laughing with Pam and enjoyed working with Sherman. I have now lost my parents and under stand your loss and this time going forward. I will remember Perry's smile and kindness to my family. God be with all of you..Jim & Marylin Berschauer*
