“ *The Rick I knew was always a kind and generous man, who always put back more than he took. His passion was following the blues wherever it took him. Read into that what you want. Well miss you dearly Blues.... :)*

“ *Rick was a heck of a guy. He lived at and was the caretaker for my business for 20 years and was always willing to do any task I gave him. Fun and very bright he always down played his problems and looked on the bright side. An avid sports fan, he was willing to discuss the latest on the Or. Ducks and his beloved Bears and Cubs. He will be missed here at Trackside Auto and by all of his friends here in Eugene. Find that huge bottle & can stash in the sky Rick. And lets hear some blues.  
much love,
