“ *Richard loved to play his keyboard and guitar. He was a good singer and I loved to listen to him play. We went to Jr. High School together and got together by e-mail. He loved to tease me about being 8 days older than him. I got "you cougar, you" a lot ! He loved his new found life here in WA. He was very smart and loved History. He would have been a good teacher. I miss hearing "my sveet" as he liked to call out to me many times during the day. He had beautiful white hair and loved it when I would braid his pony tail. I will miss him so much and I loved him with all my heart. He always said I was "his Lady". He even had my name, " Fredi-Marie, My Lady" tattooed on his arm. And I always said he was "My Man". I know God will take care of him now and I will just wait till we get to see each other again.
Love always to "my Man"*

Dick, we had some good times together long ago. Time does catch up with us. I send my condolences to Fredi-Marie. It seems she was lucky you found her, and I think you were even more lucky to have to have found her. Rest in peace, Dick.
