“ *My Dear Uncle Bob,*

*Words cannot express how much we love you and will miss you very much!*

*You were a very wise and great man. We will miss your laughter and big "Smile", and how you would know how to cheer up the room with your jokes, even if it was all night long sitting in the yard with you and the family on those hot summer nights. Thank you for all the great memories we had the pleasure to share with you, Bubbas Luau, Birthday parties, family gatherings, and even having you here to enjoy my dad's last months with us as he enjoyed your visit and looked forward to seeing you. You knew how to make him laugh and smile even when he was feeling really bad. I know you are both together, and probably sharing your latest jokes with him and he is enjoying every bit of them.*

*We love you Uncle, May God Bless you and keep you in his care always!*

“ There are no words to describe the sorrow of the passing of my Uncle Bob. He was a wonderful man that loved life and lived it to the fullest. He was very special to all in our family. He found joy in every situation and was able to make us laugh. He was the best "joke teller" I knew I could have the worst day possible and then take a look at my email and there was always a great joke for me from him that lifted my spirit in more ways than he knew. Over the last 10 years I had the privledge to become very close to him with weekly emails and phone calls. He would keep me updated on his kids and would always tell me he was proud of each of them. I know he will be watching over all of us. I know we will all see him again. I will miss him especially his laughter and jolly spirit. It eases our pain knowing he is well and peacefully resting. I love you Uncle Bob and already miss you so very much. May God welcome you with open arms.

All our love,

“ My grampa was a smart and wise man and also very funny! I'll always remember him as the "joke" man. I remember dancing around the living room while he was reading his paper and after quite some time of me doing pirouettes around the house, he was irritated...he got up and started doing them himself. I didn't think he "looked" like me doing them but when I think back on this it always makes me laugh. I have so many memories. He not only was my grampa, he was my dad as well, because he raised me.. I am grateful to have had him as a father-figure. My kids also looked up to him. I miss you grampa and I will never, ever forget you. Loving you always. Rest in Heaven....
