“ Unbelievable. I thought a long time about what to write here, but it's hard to explain that I loved Ross so much as a friend. My heart broke with the news, for his family, his other friends, and just the world in general. It's true. He was such a great guy. I am so sad but grateful to have had such a cool, funny, protective friend. I will miss you, Kitty. We can all hope to be as memorable.

Ross was a big guy one of the biggest ones growing up his heart was bigger than him, he was a giver too. He never knew how big he was , he was just one of the guys or one of the dads. He all loved him and if you didn't love ross I'm sure there was a good reason and more and like likely it was felt both ways. Just one more of my great friends that have left way to early warm up the tire and fires for one day too I will join you!
