“ For Shirley's Family,

All of us here at Columbia Basin Cancer Foundation were so very sorry to hear that Shirley has passed away.....she fought her battle with so much courage and determination! I met her when she stopped in our office last March, then enjoyed many phone conversations with her. It was obvious how much she loved her family, farm, & animals. I always admired her practical, down-to-earth outlook on things. I hope it is some comfort to you that Shirley is at peace now, & doesn't have to struggle or suffer anymore. I know you all miss her very much! We are keeping you in our thoughts & prayers!

“ I don't know why this memory has always stuck with me (maybe I was just a fatty) none of the siblings remembered. I remember going to visit my Grandpa whom lived directly across the street. At the time I didn't realize that my Pa, Les and Shirly were such good friends. Anyways never failed Les and Gma Shirley always brought us kiddos Arbys curly fries. That is my first memory of Shirly. Just befor my Grandfather passed away he told Gma Shirley that he was leaving her his most prized possessions... When asked what that was.. He answered "My Grandchildren." The past few years have defenitley been a rollercoaster for me personally but I knew that if life got to hard or I needed a distraction from my beautiful chaotic life Shirly world give me that... Whether it be a sometimes hard to believe but probably true story, cleaning chicken coops or wrestling HUGE turkies. We knew she was always there with an open door and an open heart.. That is why I'm honored to be ur Granddaughter.

Grandma thank you for being exactly who you were.. Give my Grandpa loves for us. 💕 we miss you so much already... As always!
