“ *Ralph, you had a quietness about you.
You were a caring, listening volunteer and we at the food bank appreciate the time you gave us.
The spot where you always stood when at the food bank will be Ralph's Corner.
You are already missed Ralph.
I hope Heaven is all and more than you expected it to be.

Ralph, you will be and are missed by many. I remember meeting you at Jameson, your old fishing hole, and you telling me you didn't know why you were there that day because you had more than enough fish in the freezer. I hope you find peace and happiness in heaven. Barb and Roy pinney

So sorry to hear of Ralph's passing. I'm a distant Schonder cousin and spoke to him once on the phone. Nice to see his friends comments on how wonderful a person was
